—Members of Bigelow Camp, No. 35, should not overlook the fact that next Saturday evening, Dec. 4, is the annual election night, one of the most important meetings of the year, and an extra effort on the part of the members should be made to be present to the end and that a first-class set of officers are elected who will take a pride in attending to the affairs of the Camp.  
—Stanley Jesson and his sister, Miss Nellie, narrowly missed a serious accident, last Thursday evening, when they were driving into town to attend the box supper. —Well, Brother Brownlee has had another "pipe dream" and this time it's about our school teachers and school board. Surely, Brother Brownlee, you don't know, that as a rule teachers who teach in the Bigelow schools, get married about the second or third year, at least, that's our record. We don't know who started the story, but you can rest assured it was not by our teachers or school board, and do you know that we have the best set of teachers in the big state of Missouri? Next time you have a "pipe dream" turn over and investigate a little before rushing into print.  
—Architect W. M. Schrage and J. H. Kitchen, the heating plant man, of Kansas City, were here, one day, last week, and went over the new school building thoroughly with the board of directors, and the building was accepted. It seems to be the opinion of every one who has taken the time to examine the building that we have one of the best school buildings in the state and the best equipped for the money expended. Joe Hancher is the janitor and is doing extra good work keeping

the rooms heated just right.
